

From UIUC Student Meeting with Chancellor Phyllis Wise:

Demands to be met in sequential order.

September 1, 2014, 3pm.

List of Demands to Reinstate Our Trust in the University Regarding the Recent Unhiring of American Indian Studies Professor Steven Salaita

1. Reinstatement of Steven Salaita immediately and guarantee the hiring of an additional American Indian Studies faculty to fill the void of Professor Leanne Howe.
2. Full and fair compensation to Dr. Steven Salaita for the time missed during which he would otherwise have been working here at UIUC.
3. Creation of a Chancellor's lecture series dedicated specifically to create a neutral space for students and the campus community at large to discuss the Israel/Palestine conflict.
4. Create a metric for quantifying Palestinian students as a marginalized, underserved, underrepresented, and disadvantaged population of interest to the University. Ensure that there will be no censorship of student efforts in support of Palestinian freedom on campus.
5. Maintain open, ongoing dialogue with students who are in support of reinstating Professor Steven Salaita. Ensure the protection of any and all UIUC community members who are speaking out against the University's unhiring of Professor Steven Salaita.
